

IN SUPPORT OF BILL 51CD1

Aloha I am appalled that a young Hawaiian man has to live in his truck on the island of Oahu..
He came from Molokai` ~ got himself educated ~ became a certified mechanic.
Due to HOUSING CRISIS he cannot afford a decent place to live.

These luxury condos being built by greedy developers for real estate flippers and mainland
vacation rental mongers is disgraceful. It leaves the people in the service industry without
enough affordable.housing.

Who is responsible for this injustice??? Im asking YOU elected officials You have been
selected by the people to insure "the pursuit of happiness" for your constituents How can you
sleep at night knowing that what's happening is destroying families and the beautiful lifestyle of
these islands.

PLEASE DO YOUR JOB...and for those of you that really care MAHALO NUI LOA

YOUR TRULY

NANCY RAVELO
